

# TAURANGA CITY BASKETBALL

## Operating the Shot Clock at ASB/QEYC

To bring up the 24 seconds on the shot clock press reset.

When the player has possession, press start to start the clock.

The shot clock will automatically stop if the game clock is stopped.

When the game re-commences press start.

The shot clock is reset to 24 seconds each time possession is changed.

The shot clock is reset to 14 seconds when the offensive team rebounds their own missed shot.

If a foul occurs in the front court and the shot clock is less than 14 seconds, the clock needs to be reset to 14 seconds.

To set the shot clock to 14 seconds press reset and start at the same time.

If time needs to be added to the shot clock press and hold the stop button, then press the start button which will increase the time.

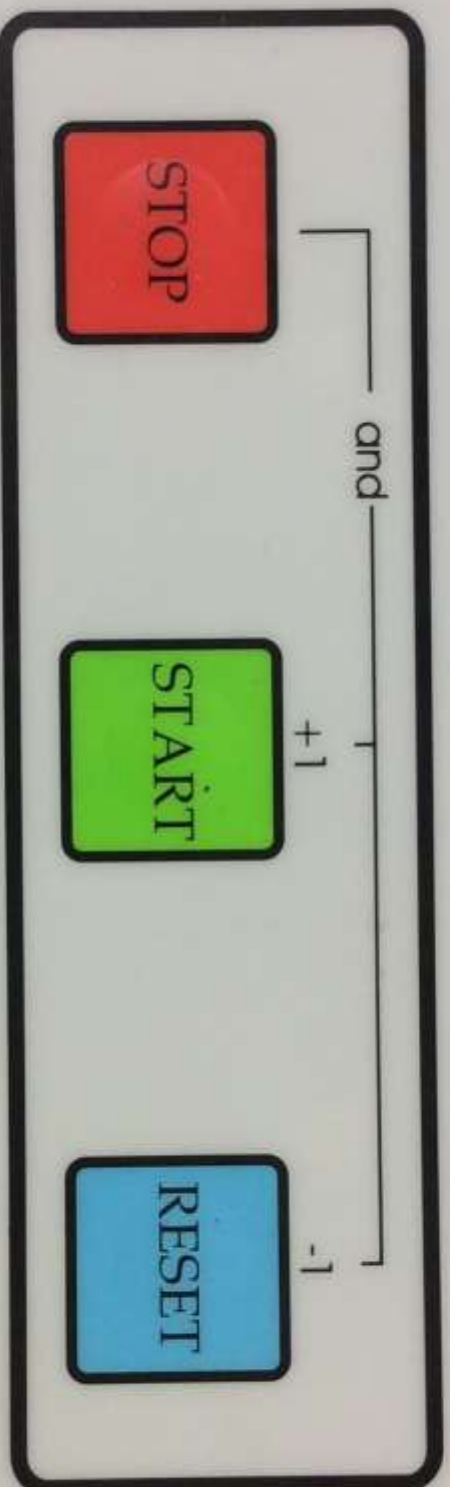

If time needs to be taken off the shot clock press and hold the stop button, then press the reset button which will decrease the time.

MODEL  
IA-SCT

Court 3
